Softball Association Will Prepare '50 Softball Field Schedule, Rates

Tony Bakich was elected regular chairman of the Campbell Softball Association Tuesday night when the newly-formed organization of seven held its first meeting in the Campbell Grammar School administration building. Neal Royer, physical education instructor at the school, was named secretary, and Mrs. Mary Grey, treasurer. Mrs. Grey led the Business and Professional Women's club committee which initiated and carried through the drive to raise funds and install softball field lights on the grammar school field.

William C. Henley, grammar school district superintendent, was present at the meeting to represent the school board of trustees. Other members of the commission are Harold Adams, Campbell mail carrier; Fred Jones, Sr., operator of Jones Chevrolet Service; Bill Maderis, operator of Maderis Market, and Homer Hyde of the Campbell Water Company.

The group discussed banking and bookkeeping of funds raised by the BPW, as well as schedules of fees and rental requirements of the newly lighted softball field of which they will have charge. Before establishing definite rates, plus a program outline for next year, the group will check with similar organizations in other communities, and establish policies parallel to these others. It is expected that final action will be taken at the association's second and final meeting of the year on October 10, at 7:30 p.m., in the administration building.

Fire Destroys Parent Plant Of Local Company

Fire which destroyed the parent plant of the Santa Clara Stove company, Campbell, will in no way affect operation of the local plant, Hugo H. Ehret, president of the Santa Clara Stove Company, indicated today.

The complete foundry installation of the Oakland Foundry Company at Belleville, Illinois, was burned to the ground Sunday morning, September 4. The plant manufactured cast parts for the local plant, however other casting plants in the same town will take over production of these parts. The foundry company plant occupied two square blocks in the Illinois town, but the assembly section, across the street from the casting plant, was untouched by the fire. Ehret is chairman of the board of directors of the Illinois company.

Works of F. H. Cutting, Campbell Artist, Featured In Current Magazine Issue

Francis Harvey Cutting, 97 Harrison Avenue, Campbell landscape artist, is the subject of a special article in the current quarterly issue of "The Western Woman" magazine. The article is accompanied by photographs of two of Mr. Cutting's landscapes, and another photo of the artist at work in his studio. One of the landscapes pictured, "Breath of Spring," has just been sold to a Los Angeles art collector. Another of Mr. Cutting's oil paintings, "Solitude," and ocean scene, is currently on exhibit in the art division of the Santa Clara County Fair.

Mr. Cutting, an active member of the Santa Cruz Art League, "is a devoted nature lover whose paintings partake of that quality possible only to one who is in tune with her subtle symphonies, responsive to the voiceless lure having ever new charms to reveal," the article states.

Mr. Cutting, who has lived and painted in and around the Santa Cruz area for many years, came to California from Iowa over 50 years ago with his parents and four brothers. He attended State Normal, now San Jose State College, was graduated in 1897, and taught for a time near Paso Robles.

"Interested more in horticulture than in the routine life of the school room, however, he at length turned from that to the cultivation of an orchard, purchasing land and setting it out to young fruit trees. "Meanwhile his interest in art continued and increased, coming gradually to occupy his attention to the exclusion of all else. His landscapes began to attract attention and his status as a coming artist to be recognized. He sold his land and, at last, sure of the purpose to which he wished to devote his life, opened a small studio in Pacific Grove and there began a career which has been crowned with success and the fulfillment of the dreams of his youth. "He now occupies a place in the

Sewer District Opens Office On Bond Information

A public information office has been opened by the Santa Clara County Fourth Sanitation District at the Los Gatos Chamber of Commerce office, 137 W. Main Street, phone Los Gatos 246. Owen Atkinson, Los Gatos resident for 15 years, author and experienced Navy public relations officer, is in charge. Atkinson said today that the office will have information, speakers, and a film, "Clear Water," available for voters in the Fourth District.

Purpose of the office is to promote the November 8 election bond issue for a trunk sewer to hook onto the line connected with the main San Jose disposal plant at Alviso. The \$1,640,000 issue would be pro-rated over a 50-year period, thus easing tax load on present residents, and placing equal responsibility on new residents of the district.

"This is a very important matter to Campbell, Saratoga, Los Gatos, parts of Burbank and San Jose," the office director stated. County population has doubled since the war, and more people are coming, she said, because they are learning that this is a choice spot in which to live. Purpose of this sewer bond issue is to build for the future.

At a meeting of the Fourth District committee Monday night at Los Gatos Town Hall, Supervisor Earl C. Campbell said "We of the committee are convinced of the need of this trunk sewer in District Four. Due to the rapid increase of population and the thousands of new homes which are being built here, in the future this need will grow, and as citizens we must anticipate the vital services required by the district."

Charles E. DeSelle, Campbell's representative on the District Four committee on public information, was present at the meeting.

PISTOL STOLEN

Theft of a .25 calibre pistol at California Packing Corporation No. 3, San Jose, was reported by William Goteuth, Box 470, Campbell.

Menard Describes District Attorney Office Functions

N. J. Menard, district attorney of Santa Clara County, spoke to members of the Campbell Rotary Club, their guests and visiting Rotarians at the club's meeting Monday. Mr. Menard, through his talk titled "Behind Our Front Door," revealed the work done by the District Attorney's office, much of which is little known.

"Most people," said Menard, "think that all the District Attorney's office has to do is prosecute violators of criminal laws perpetrated in the bounds of Santa Clara County. Actually, this is only a small part of our duties; as in the year of 1948, for example, only 5 percent of our time was spent in the prosecution of cases in open court."

Actually, the most important function of his office, Menard said, is the ferreting out of cases which are fictitious or not well grounded and to see that those cases never reach court. "After all, our duty is the protection of the innocent; an ill-grounded case brought into court would attract unfavorable publicity and public derision to the party or parties being prosecuted," Menard stated.

The District Attorney's office is nothing more than a large law office. In 1948 alone, more than 12,000 people were served by the office.

Unlike most other law agencies, the D.A.'s office is self administered and is not beholden to anyone, is completely independent. It brings to court only those cases which it feels are flagrant violations of the criminal codes of the county and the state, he told the group.

Mr. Menard was introduced to the local club by Joaquin Payne, manager of the local branch of American Trust company.

Included in the business of the day was the introduction, by President Forrest Reese, of the newest member of the Rotary club, Lester W. Harmon, of the Campbell Realty Company.

Mr. Charles Dirksen, Dean of the School of Business Administration of Santa Clara University, was to be the speaker at the September 19 meeting of the club, but due to illness in his family, Mr. Dirksen will not be able to appear. No substitute has been named as yet.

Softball Fund Increased by \$25

Ainsley Corporation of Campbell has increased the softball lighting fund by \$25, Mrs. Mary Grey, treasurer of the Softball Association, announced this week. The additional fund increases donation total to \$2529.93. Still further contributions are needed to raise the entire cost of installing the field lighting equipment at the Campbell Grammar School, Mrs. Grey emphasized. Estimated cost of the project is \$3000.

Incorporation Steering Committee To Meet With Capitola City Council

Basic services and governmental functions of the city council of Capitola will be studied next weekend by the steering committee of the Campbell Citizens Committee for Local Self-Government, member Jack N. Marsh stated today. Marsh said the group will seek information on success of the recently incorporated community's government and framework of the city council in an endeavor to gather information to present to local voters at a general public meeting this fall.

Next step will be a conference between Millbrae city officials and the committee, again to provide the local representatives with further facts on how to establish a low-cost, efficient city government in Campbell. Eventual aim of the committee is the incorporation of Campbell.

"Very encouraging response" has been received by Marsh and other steering committee members since announcement of its organization last week in the Campbell Press. Marsh said he has received letters and phone calls from those wishing to add their names and effort to the movement, and he said others have stopped him on the street to gain further information about the group. Most important comment he has heard, said Marsh, is that this time the people feel incorporation will be passed when an election is held. Many of the leaders of incorporation opposition during the past

Employees of Hunt Foods Plant Here Give 70 Pints Of Blood For Frank Silva

Plans of a few close friends to donate blood in behalf of Frank Silva snowballed into an all-day visit here Wednesday by the Santa Clara Valley Regional Blood Center's mobile unit, and a grand total of 70 pints donated by employees of Hunt Foods, Inc., plant 16, Campbell and Harrison Avenues. Silva, the plant manager, has been a patient at O'Connor Hospital for nearly two months.

Sgt. R. B. Thorn Held To Answer In Zobrist Death

Sgt. Robert B. Thorn, 26, charged with felonious drunken driving resulting in death of Pvt. Curtis L. Zobrist of Campbell, was held to answer in Superior Court following preliminary hearing before Justice of the Peace John P. Dempsey Monday. Thorn was released to Presidio of Monterey Army officials after depositing \$1000 bail.

Zobrist, 26, of 140 Rincon Avenue, Campbell, was killed July 17 on Winchester Road when the car in which he was riding struck a soft shoulder and overturned near the Casey Road intersection. Thorn was operating the vehicle, officers reported.

Friends had learned from Silva's brother, Joe, general foreman at the plant, that Frank required blood transfusions. They wanted to make arrangements to donate their blood to the blood bank to make up for Silva's transfusions. Word got around, and upshot of the matter was that 125 employees signed up to donate, according to Ross Barale, assistant to the superintendent.

Budd Levenberg, newly appointed blood program chairman for the Campbell branch of the San Jose Chapter, American Red Cross, arranged for visit of the mobile unit, with assistance of Hugh Cranner, local Red Cross branch chairman, and Leonard S. Putnam, personnel manager for Hunt's. Although a number of volunteers had to be turned down due to colds and other factors, local officials and the unit staff expressed appreciation for the large number of donations. Other future visits of the unit are planned, the next probably within a couple of months.

The unit staff, headed by Dr. Frederick Proeschler, and the unit's deputy chief nurse Mrs. John Canuel, aimed for a donation rate of six every 15 minutes after setting up unit headquarters at the Methodist Church parish house on Campbell Avenue.

Coffee and doughnuts were served the donors by Mrs. Ellen Lanphear and Mrs. E. F. Ballot of Campbell.

Frank Silva, who expressed deep appreciation for the great number of fellow workers who volunteered for him, suggested that since the amount contributed was far in excess of his needs, that the balance be used to form a nucleus of a blood pool for the cannery workers. He pointed out that the mobile unit could make regular visits to the community to gather donations, thus building up a credit for Campbell as well. Such a credit at the county blood bank would serve as a backlog in event of future emergencies, and would also reduce heavy cost of blood transfusions to residents in need of blood.

Volunteers from Campbell who assisted the staff, besides Mrs. Lanphear and Mrs. Ballot, were Mesdames Olive Parysek, Peter Heinzen, Libby McBain, Mark Kollmer and Miss Margaret Kollmer.

C of C To Petition Supervisors For Relief Of Business Area Congestion

A request for aid in solving the Campbell business district's parking situation will be submitted to the County Board of Supervisors by the Campbell Chamber of Commerce. Members of the board of directors, who met in special session Wednesday evening, voted to have Secretary Forrest Reese prepare the petition, to be signed by merchants of the community. The chamber will seek alleviation of the congested parking for merchants of Campbell.

Hunger Is First Problem Impeding Europe's Recovery

William De Zeeuw Bagchus, native of Holland, brought a first-hand picture of his native land, its tulips, picturesque dykes and famed industries, to the Campbell Kiwanis Club Tuesday noon. The speaker, a temporary resident of Campbell, and an importer, spoke of the present attempt at recovery by the peoples of Western Europe, commenting that the philosophy of democracy would be better received if the primary problem of hunger was first eliminated. Ralph Noddin introduced the guest speaker whose subject was "Western Europe Impressions."

The Hollander gave an interesting account of conditions in Batavia, also based on first hand knowledge, since he was a prisoner of war of the Japanese on the island, and was finally liberated by the British forces.

In telling of the recovery effort in his native Holland, Mr. Bagchus expressed his thanks to the women and organizations in charge of various rummage sales in Campbell who have assisted him in shopping for clothing to be sent back to friends and relatives in the war devastated nation. He said the local women have always made special reductions of prices on clothing items, which practice has enabled him to send considerable quantities of clothing back to Holland.

President Lowell Benson of the local Kiwanis Club reported on a caucus meeting held Monday night at Watsonville where he and fellow delegate, Clarence Nelson, immediate past president of the local club, learned that Verne Owens of San Jose heads the ticket for Lieutenant Governor of this Kiwanis district.

Perfect attendance pins were awarded Ira Grim, seven years; Joseph Agostinho, eight years, and James Avila, two years.

Chester Bartlett of San Jose was a guest at the meeting.

Next Tuesday noon, the Rev. Corwin Olds of Campbell's Congregational church will speak on the National Guard. Joseph M. Dahl will serve as meeting chairman.

Twin Racing Bill

Another twin bill of auto racing awaits fans at the San Jose Speedway this weekend. The Hot Rods howl on Friday night while the scampering Stock Cars take over on Saturday night.

Hot Rod time trials are at 7—races begin at 8:15. Stock Car racing on Saturday begins at 8:15.

Commute Fares Increase Sought To Meet Costs

Substantial increases in Peninsula fares for all types of travel are sought by the Southern Pacific Railway in an application submitted this week to the Public Utilities Commission. Claude E. Peterson, vice-president in charge of passenger traffic, announced that the "increases in wages and other costs have left us no other alternative," in explaining request for authorization to boost the rates.

Campbell commuters, using the nearby station, if increase is granted, would pay \$27.15 instead of \$24.55 for monthly daily ride commute tickets; \$25.55 instead of \$23.10 for six day monthly tickets; \$23.90 instead of \$21.60 for five-day monthly; and \$6.80 instead of \$6.15 for weekly commute daily ride tickets.

At the directors' session, George "Dobie" Jeffers was named chairman of a membership drive which will be launched soon.

Two new members were welcomed: Dr. Paul Werthman and Frank De Vite of the Kopper Kettle.

Report of the merchant patrol committee was read and accepted, and the board praised the group for their service and success in obtaining a qualified merchant patrolman for the Campbell business district. Members L. E. Means, chairman, Richard Morton, Homer Hyde, Dobie Jeffers and Lowell Benson were re-appointed to serve in the same capacity for the remainder of the year.

If You Buy In Campbell, You're Eligible To Win

You don't have to live in Campbell to be eligible to win that new Plymouth sedan which Campbell merchants participating in the Buy in Campbell campaign will give away during Christmas week. All you have to do is trade in the area and ask for your tickets, says the committee.

The drive to promote local business is going in full force now, with most buyers remembering to ask for their tickets. More and more shoppers are becoming aware of the campaign and the advantages of doing their shopping in Campbell, and additional merchants are signing up every day.

Next week the complete list of participating merchants will be ready for publication, and the committee, headed by Carl Field, has urged that all merchants not now in the program join up now in order that their names will appear in the final list of sponsors. Those businessmen who have not been contacted may call Carl Field at Field's Fine Foods for information.

Camden Bridge Contract Let

Contract to construct a bridge on Camden Avenue across Los Gatos creek was awarded Lew Jones Construction Company Monday at the meeting of the County Board of Supervisors. Jones submitted the low bid of \$59,982.

Other bids for the project were: Dan Caputo, \$76,500; Peter Sorenson, \$87,000; Carl N. Swenson Co., \$63,000. County Road Commissioner Robert B. Chandler had estimated cost of construction at \$50,680.

The leading role in "Double Door," which enjoyed a successful run on Broadway several years ago, will be portrayed by Mrs. Lee (Thais) Ackerman, ably assisted by Warren Brown and Ida Levenberg. The rest of the cast includes several newcomers and old-timers among the Footlighters.

Next regular meeting of the club, on the evening of October 11, will be devoted to election of officers. A nominating committee composed of Virginia Howard, chairman; Earl Clark and Alma Fanning will present the names to the club.

At Tuesday's meeting refreshments were served by Mr. and Mrs. Dean Chamberlain and Mr. and Mrs. L. J. Hill.

Answering promptly—giving others a full minute to answer her call—are first on Janie's list of aids to service.

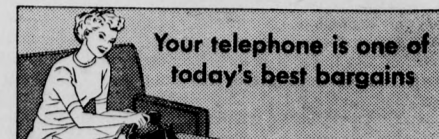

How Janie helps herself to better service

1. "Allowing a little time between calls," says Janie, "gives others a chance to call me . . . and it's a nice party-line courtesy, too." So when she's getting the gang together for a picnic, or for any reason needs to make calls in a row, she waits several minutes between each one. "It's simple to make friends with others on our line. I just use the telephone the way I like them to."

2. Looking up numbers, Janie knows, is really important. "So easy to get them mixed up," she explains. "Why, I was just sure Babs' number was 8145 . . . but when I called her I got the drug store. Turned out her number was 8415. So unless I'm really sure of a number, I'm going to look it up in the telephone book." That's a good tip for all of us—teen-agers and grown-ups.

3. Getting the most from the telephone—and helping others get better service—depends in part on every telephone user. Facilities have doubled in the West in ten years. Your telephone is today one of your most valuable servants . . . saving time, saving steps. And it still does its job for just a few pennies a call.

Your telephone is one of today's best bargains

Pioneer Clubhouse Nears Completion; Donations Needed

Installation of a new floor in the Pioneer Club's Building at 35 S. First Street was completed by the members this week, Mrs. Clara Baldwin, secretary-treasurer, has announced. The men are completing remodeling work on a building donated for use by the club by Mr. and Mrs. William E. Billings. The clubhouse was formerly used as a shoe shop. Also made available to the club members is a horseshoe court at the rear of the building.

It is hoped that sheeting for interior walls can be installed in the next few days, but Mrs. Baldwin said the club needs donations to cover cost of the materials. The group has already paid for flooring through donations of local residents. Furniture for the club has also been donated.

William Truax is serving as the president of the club. Mrs. Baldwin said she plans to turn over her job as secretary-treasurer to the club as soon as the building is completed and the men are able to meet there and elect a member of their own group.

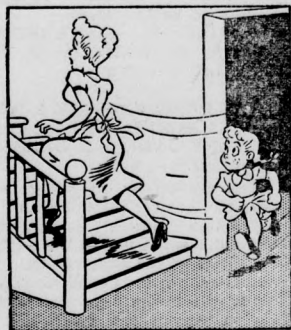

Shofner and Rice Place Second In County Contest

Campbell Theater manager Harold Donner said the local showhouse will present a prize this Saturday night to the largest family in this area attending the evening show. Special midnight program at the theater will feature local hyp-

Herbert Gordon Buys Campbell Taxi Company

Herbert Gordon, formerly of Honolulu, has purchased the Campbell Taxi Company, former owners Jack and Roger Taylor announced today. Sale will become effective in about one week. The new owner has taken over actual operation of the company.

Gordon, who was born and raised in Scotland, attended Edinburgh schools. He has lived in Honolulu for the past 30 years and operated a golf club in the islands for 24 years. Mr. and Mrs. Gordon moved to the States in 1947, and have bought a home in Los Gatos.

Present staff of the taxi company includes two cars and three men. Gordon said he plans to continue the present 24-hour taxi service, and to maintain the same standards now used.

The Taylor brothers, who bought the company in April, 1948, from Curtis Speers, said they may stay in Campbell for a while, and probably would return to Los Angeles soon.

Campbell Entries in Poultry Show

Campbell exhibitors at the County Fair in the poultry division are Herbert W. Steindorf, Rhode Island Reds; Mrs. May Steindorf, cochon bantams, and Donald Givens, Polish Fowl. Mr. Steindorf took fourth prize in the single comb Rhode Island Red pullets section, and fifth prize for single comb Rhode Island Red cockerel.

Winner of the Burda-Built backyard unit was C. B. Phifer of Ceres, whose pair of Rhode Island red cock and hen was rated best pair of fowls in show.

H. W. Steindorf was chairman of the poultry committee; O. B. Hunt, show secretary, and Jack Villar of Winchester Road, show superintendent.

Steindorf had a special entry in the division, a tailless Rhode Island Red hen, which he labeled Rhode Island Red Schmoos. According to poultry exhibit secretary P. C. Hunt, such freaks occur about four times out of 100,000, and the tailless hens generally prove to be good egg layers but not good for breeding purposes.

To wash clothes fresh and clean takes plenty of hot water. In fact, it takes 20 gallons of hot water to wash and properly rinse a single tub full of family wash. That is why size is important in a water heater. There must be a reserve supply of hot water for kitchen and bathrooms too. And hot water costs less per gallon when you use a full-size water heater. You'll be happier and save money with a water heater that fits your needs for hot water.

Church Of Christ Building Nearing Completion

Construction work on the combination parsonage and recreation hall for the Church of Christ, corner of Latimer and Esther Avenues, is nearing completion, Cliff Winters, minister, has announced. The construction site has been the scene of much activity these past few weeks and the big work is about finished.

There will be several weeks of inside finishing work and landscaping yet to do, the minister explained. "There will have been two thousand hours of donated labor on this project, plus fine cooperation by everyone involved to make this a very fine building," he added.

The building and parking lot, built at an estimated cost of \$20,000, are the first phase of the church building program. Later plans call for an auditorium and classroom building.

The one-story, 3000 square foot frame and stucco building will serve as recreation hall for church members, and also provides a three-bedroom parsonage. Floyd Little and Ray Kirk are the contractors.

This coming Sunday morning at 10:50 o'clock, Lerie Ball, visiting evangelist from Siloam Springs, Arkansas, will bring a message to the congregation. The minister has invited all to hear this successful young man with a vital lesson for man today. Mr. Ball will speak at 10:50 a.m. and 7:30 p.m. in the library auditorium, corner of Campbell Avenue and First St.

Mitch grew up in Campbell and was graduated from Campbell schools. He received his AB degree from the University of Santa Clara where he was voted the outstanding player on the university's baseball team. He later attended San Jose State College as a post-graduate student, taking honors in boxing.

The athlete also played on the Reno Silver Sox team as an infielder, and while with the squad was voted the most valuable player by the sports fans.

Foundations In For Addition To Methodist Church

Foundations have been poured for a new kitchen with adjoining baths to be erected on the north side of the Campbell Methodist Church, J. M. Dahl, contractor, said this week. Actual cost of the 23½x28½ building addition is expected to be around \$2300.

To provide space for the larger kitchen, the small cabin used for

Sunday School purposes has been moved back between the parsonage and the church building. George Green was in charge of moving the tree, itself.

Dahl, a member of the church board of directors, said the kitchen would meet a long standing need at the church. "There has never been an adequate kitchen," he pointed out, "and the new building, which will be attached to the church, will provide adequate facilities for banquets and wedding receptions." The contractor estimated that the increased area will enable the church to handle ban-

quets numbering 200 to 300 guests. The building will conform to the present style of flat-roofed architecture at the church.

Grange Speaker Decries Policy Of High Farm Prices

Four hundred fifty members of the California State Grange enjoyed a luncheon at Governor's Hall at the State Fair in Sacramento, September 7, presided over by George Sehlmeier, state master, as chairman.

Sehlmeier decied the maintenance of high prices for farm products through government purchase and destruction of surpluses, and said that "the idea of economy of scarcity is all wrong." He also called upon Grange members to elect legislative representatives from their home districts who "would not be absent or vote no on a bill to investigate lobbying in the state legislature."

Edwin Koster of Oakdale, state overseer of the Grange, declared that the California State Fair has the best agricultural exhibit it ever has had.

Chairman Sehlmeier introduced all state officers of the Grange and women members of Orangevale Grange of Sacramento which prepared and served the luncheon.

Two Campbell Men At Air Force Tactical School

Two Campbell men are among the more than 700 Air Force officers in the current class of the Air Tactical School at Tyndall Air Force Base, Panama City, Florida.

Campbell men in Class 49-C are Captain H. L. Orford, son of Mr. and Mrs. L. A. Orford, 980 Alameda Avenue, and Captain W. R. Stevenson, 1016 San Tomas Road. The Air Tactical School, commanded by Brigadier General J. K. Lacey, is the basic school of the

Air University. There carefully selected officers learn fundamentals required of all Air Force officers, the intensively broad academic course including instruction in leadership, administration, public speaking, military management, personnel management, military law, public information, group discussion, tactics, operations, strategy, new developments in aircraft and equipment, intelligence, supply, maintenance and many other subjects with which the squadron, commander and his staff officers must be familiar in the modern Air Force. Classroom instruction is supplemented for flying officers by training flights in tactical aircraft.

Upon completion of the four months' course, student officers return to their home bases from which, after a period of service, many will attend other advanced schools in the Air University system.

Cupertino Grange Observes Birthday Assisted By Orchard, Other Groups

About two hundred members and visitors filled the hall as Cupertino Grange No. 739 celebrated its first anniversary Friday night, Sept. 9. In honor of the occasion, the first and only Past Master, Harry Boogaert, was escorted to a seat of honor by the Master. Also escorted to places of honor were State Grange Overseer Edwin Koster, District Deputy Edwin Standish of Almaden, Pomona Master Charles Swanson, and Masters Charles Currier of Sunnyvale, Frank Carey of Almaden, Kathleen Holzhauser of Gilroy, Harry Abbot, San Jose, John Paroline, Morgan Hill, Terry Rowe of Mt. Hamilton, and Martin Walsh of Orchard City Grange.

The program was conducted by Lecturer Mary King and consisted of selections by members of the various granges in the county. Two beautiful piano solos, "Song of the Brook" and "When the Roll Is Called Up Yonder" were played by Mrs. Myrtle Abbot of San Jose Grange, after which Brother John Gordon of Orchard City led all of the visitors in singing "Happy Birthday to Cupertino."

The next number was a black-face trio from Morgan Hill, Jeanette Perry, Gertrude Styles and Bobby Skeels. This included songs and dances accompanied by one of the trio on the ukelele. Chris Anderson, past master of Coyote Grange, then introduced Janet Upson who also played two lovely piano solos "Romance" and "Pre-lude" by Chopin.

An interesting talk on the history of California was given by Master Martin Walsh of Orchard City. A comedy skit was performed by the Mt. Hamilton orchestra directed by John Buck and a cast including Chick Daniels, Frank Bishop, Robert Dinsmore, Tony Leal, Roscoe Murray and Roy Deering.

Then followed a skit by George Ames, Sr. and George Ames, Jr. of Cupertino, after which Ed George, Pomona and Almaden Granges' popular Lecturer, opened his bag of tricks and fed the pigs, and performed other stunts which

ended in an egg fight with Cupertino Grangers, "part of the stunt of course!"

Mt. Hamilton Grange gave a delayed encore which was a vocal number by one of their members. Six dancing ladies from East Palo Alto performed a comedy number, then came a brief talk by Brothers Koster, Standish and Boogaert, after which Harry Getty of Gilroy played a piano solo.

The program was completed by the Cupertino Grange orchestra consisting of George Ames, Sr., Paul Bean, George Loyst, Howard Paige, John Breeding, Karl Fredericks, Lester Breeding and Frederick Wood.

Birthday cake and coffee were served by the Cupertino Grange. The next meeting will be held Friday, September 23 at 8 p.m.

Hypnotism Show Saturday At Campbell Theater

"The hypnotic trance can be induced in two seconds if the subject is in a receptive mood," according to Richard Charles whose amazing feats of hypnotism will be performed at Campbell Theater this Saturday, September 17.

Charles says this will not be a spook show, but an entertaining demonstration of the often heard of but seldom seen science called hypnotism.

People who have witnessed Charles in action proclaim him to be one of the most original performers to appear in this area in recent years. Hindu catalepsy, amnesia and other induced phenomena will be among the features of the show.
